### FOR A MARKET SITE

Elias Matter & Co. Offer the City Valuable Frontage

### CEMETERY TRUSTEES STIRRED

ever Their Care of the Burial Grounds-A Tilt Over a Lamp Inspector in Last Night's Council-Other Matters.

At the meeting of the common counell last night the city dads made up for time lost at the previous meeting and transacted a great deal of important business.

Residents on Stowe street petitioned that that street be graded and graveled from Fremont street to Lane avenue.

Lyon street residents said that if it ras contemplated to pave 1 you street with asphalt or any other termanet pavement that they wisned to remon-trate, because they did not consider that the time had not yet arrived for such an improvement.

A number of Madison avenue residents remonstrated against the paving with asphalt of that avenue, saying that it was at the present time in fair condition. The remonstrance was agned by Ous H. Babcock and others. J. S. Verdier, cashier of the Kent County Savings bank, reported that there was on deposit to the credit of the city \$410,342.46, interest due on same

Daniel McGovern said that on March he was walking on the north side of West Fulton street, between Straight and Indiana streets, and that he burt bis foot by striking it against a street railway to. He applied to the street car company for redress, but the company referred him to the city. He wanted the council to award him suitable dam ages. Referred to the committee on ciaims and accounts.

The report of the special session which met to canvass the recent electhe republicans had elected their entire

pity ticket. Nelson, Matter & Co. su bmitted a proposition to sell the following lots fronting on Kent street for \$13,500 for a market site: 391, 399, 404, 412, 417, 425, 430, 438. Also lots 424, 431 and seven-tenths of lot 437 fronting on Ottawa street for \$4500 for the same purpose. The comptroller reported claims aggregating \$17,950.94 which were ordered paid.

Cemetery Matters. The board of health submitted for consideration an amendment to the temetery ordinance making imperative the burial of persons dying with contagious diseases in a private man-her. The amendment will affect section three. The city clerk reported that he had had served upon him a sopy of the resolution introduced by Alderman Dregge and adopted by the council instructing him to ascertain from the cemetery commissioners their reasons for not being more particular shout beautifying and improving the sity lots where poor people are buried in the different city cemeteries. He had been informed that such lots were improved and beautified as fast as the commissioners took care of their

to have driven into a hole on Canal treet, and thereby demolished his wagon, was ordered to appear before the council and substantiate his claim. The city attorney said that he had investigated and found that there was no hele in the standard or the standard bole in the street as stated, but that the hydrant, located at the corner of Leonard and Canal had leaked, forming a large bunch of ice against which

Lights for the Alleys,

Charles H. Bender, under instruc-tions from the board of police and fire commissioners, asked that are lights be laced in the south Monroe and north Monroe street alleys, remarking that he alleys were extremely dangerous and that patrolmen ran great risks in patroling them. There were innumerable pitfalls and the darkness was impenetrable, and much property was table to visits by burglars. Referred to committee on lamps.

In regard to the petition for asphalt on Ottawa street by Mrs. Aldrich and

others, and the remonstrance against the same, the committee on streets reported that the latter contingent did jot represent a majority of the foot frontage, and recommended that Otta-va street be paved with the asphalt or ome other suitable and permanent

The commistee on claims and ac-sounts, to which had been referred a setition signed by J. B. Fortier and injury other residents on Lake avenue, asking that condemnatory proceedings be begun against the Lake Avenue Toll toad company for the acquirement of hat portion of the road beginning at that street and extending to the street and extending to the limits reported. A mosion lay the report on the was lost. On the motion to adopt there was considerable argument. Alderman Tateum contended for its adoption. Bert Hall was heard on behalf of the petitioners. Alderman whills moved to postpone for two weeks, which was lost. Alderman Anderson poved as an amendment that the Plainfield avenue toll road be added. The amendment was lost. The same alderman moved as another amendment that the Alpine and Walker roads be included. This am adment was also lost. The report was then adopted.

Inspector of Lamps

The committee on lamps, to which had been referred a resolution authorbing the appointment of E. A. Conley as lamp inspector, whose duty it shall be to make a scheduled report of the lamps in the city, how long they born and how many burned, etc., submitted its report. A mo-tion to lay on the table was lost. Alderman Stokes thought it would be better to pay an inspector \$75 per mouth than to allow the company, by not fulfilling its contract, to overcharge about \$500. Alderman Sproul thought an inspector a necessity and that he should be placed at the new ten-story building and provided with a telescope so that he could oversee the whole city. Alderman Tateum thought it more wise to stir up the Electric Light the provisions of its contract with the city. Alderman Turner said he was not surprised that Alderman Stokes wanted to create a new office for his constituent, because he had been thrown out of a job as lamp lighter by the new contract. The resolution, he eaid, was introduced before election. He referred to E. A. Couley as the man who played second fiddle to a certain boodler from Chicago who had atboodier from Chicago who had al-tempted to get a well-remembered elec-tric light deal through. He did not think Couley a competent man for the job anyhaw. Alderman Saunders said the remarks of Alderman Turner in re-gard to boods was an insinuation against the council and a rank insuit.

Alderman Turner said be referred assumpsit: order allowing to file simply to the Chicago boodler, and smeuded declaration metanter. amply to the Chicago boodler, and knew that when he was in the city the lamps were not cleaned for two weeks. Alderman Conger thought that ten times the amount of an inspector's salary would be saved. The report of

the committee was finally adopted. Other Routine Matters,

An ordinance to amend section five of an ordinance relative to the government of intelligence offices and emordinance passed to its first reading, and en motion of Alderman Tatem the tules were suspended and it passed to its second reading. After being read, consideration was postponed one w. et. An ordinance relative to changing the names of certain streets which at the present time are either the same or so near so as to cause confusion, passed to its second reading. Further consider-ation was postponed. The report was referred to the city attorney and city surveyor. The special committee to which had been referred the petition of Henry D. Loecher and seventy-six others asking for a viaduct over the railroad tracks which cross Bartlett, Williams and Goodrich streets reported that Fire Insurance company, assumpand recommended that the construcand recommended that the construc-Williams street be declared a necessary public improvement. Some of aldermen were of the opin on that the railroad companies could be induced to pay a portion of the cost. Alderman Saunders thought it would be more advisable to postpone consideration until one month. Aider can Dregge's resolution introduced at a previous meeting declaring the acquirement of the Grandville avenue toli road a necessary public improvement was taken from the table and adopted. A resolution asking the officers of the different roads crossing Williams street to meet with the special visduct committee next Thursday night was adopted. Alderman Hauser introduced a resolution instructing the clerk to advertise for sealed bids for city printing, both first and second. Adopted.

### THEY WANT THE BALANCE.

McRae and Lally Trying to Enforce Their Judgment Again.

In the circuit court yesterday, before Judge Adsit, four weil-known Detroit attorneys argued a motion in one of the most important cases which has been on the docket in some time, and a case which is the outgrowth of another which occupied on trial in the Wayne county circuit court over three months, the longest on record in this state. The case is that of William McRas and Michael Lally against the Grand Rap-ids, Lansing & Detroit Railroad company, in which the complainants claim that the road is on the verge of in-solvency and ask that a receiver be ap-pointed. McRae & Lally were the contractors who built the Grand Ledge branch, which extends from this city to that place. They claimed that outside of the work stipulated in the contract they did much other work. When the company refused payment for this they sued and recovered a judgment for \$91,531.28. Sheriff McQueen of this city levied on property here which sold for \$29,166. This he turned over to McRae & Laily, leaving a balance of \$65,050.66. They now wish to force there was money on hand, and that payment on this amount. For the company E. F. Couley and C. B. Lathbusiness to the best of their judgment. rop appear and the flon. John Atkin-The arguments were complainants. made and submitted, and the matter held open one week to give the defendant company time to produce a copy of its brief prepared for the supreme court. This cost over \$6000.

Paid a Heavy Fine.

David McConnell was fined in police court yesterday by Judge Haggerty for conducting a disorderly dance under his saloon, on Waterloo street. Mc-Connell didn't expect a heavy dose. When Judge Haggerty said \$37.60 or sixty days in jail McConnell concluded he would have to return home and raise more money. He paid his fine.

Dent is a Bad One.

James Beard of Auburn, N. Y., has identified Richard Ruda Dent, the swindler, as "Dr. Dent, from Toronto." who defrauded him out of \$400 in 1885. Mr. Beard will try to take Dent back to Auburn for trial. It begins to ap-pear that Dent is a very picturesque swindler and ail 'round fraud.

Minor Court Notes.

Charles Dudema, Patrick Qualey and Austin Qualey, the boys who stole cakes and pies from Blake's bakery on South Division street, were found guilty in police court yesterday, and were each sentence to ten days in jail. Execution of sentence was suspended till April 25 to enable them to raise \$1.12 cach, the alternative.

Nellie Newcomb was in police court yesterday charged with being intoxicated and disorderly. The latter part of her offense consisted in trying to in-duce men to buy beer for her. She was fined \$5.90, which she paid. Mary Huskinson was granted a di-

vorce from her busband, George Husknson, by Judge Adsit in the circuit court yesterday on the grounds of ex-treme cruelty and failure to support. In the divorce case of Ida Marsh against her hasband, Milo Marsh, hear-

ing on the motion for leave to file amer ded cross bill was postponed one Aaron Clark obtained judgment in the circuit court before Judge Grove yesterday against Robert J. Kennedy

et al. for \$839 and costs. Jacob Vander Leet was arraigned in police court yesterday for violation of he mik ordinance. He was fined

\$11.25, which he paid. Albert Blumenthall et al. secured judgment in the superior court yester-day sgainst E. P. Kidder & Co. for

\$2688,50 and costs. James C. Train of Lowell, began suit on a promisory note for \$426.37 against Silas W. Towle. Damages are placed

AL \$1000 Eight drunks were disposed of in police court yesterday morning.
